Welcome to the 2017 golf season!

Heavy rain pushed Opening Day to Saturday April 8. If you did not sign up originally and want to play, please call the Pro Shop. Breakfast is at 8; tee off is at 9 followed by lunch and farewell to retiring Course Superintendent Joel Collura.

Deerwood will be open Mondays in May. Because of scheduled outings, May 1st and May 22nd will be AM only tee times. Handicap posting started April 1st. Please remember to post all scores on the handicap computer in the Pro Shop after your round.. Lockers and bag storage are both available this year. If you require any of these Professional Services please contact the Pro Shop.

Russ Platford will be cleaning and polishing shoes in the locker room per your request. You may leave your shoes with any member of the shop staff or tag them in the locker room.

We are all looking forward to a fantastic season and to seeing everyone after a long winter.

### ON THE GREEN .....COURSE SUPERINTENDENT Brandon Perrine

With spring in the air and temperatures rising the turf is finally starting to break winter dormancy. Our golf course maintenance team has been hard at work getting the course in shape for the 2017 golf season. Our first big projects are well underway on the course and around the clubhouse. Ground surrounding the two Deerwood Country Club signs along the Woodlane Road entrance have been cleaned up and the low lying junipers have been removed and will be replaced with colorful plantings of annual flowers. Around the course, we have put out all the course accessories including: bunker rakes, new flag sticks, new flags, new cups, tee markers, trash cans, hole and yardage signs, ball washers, divot buckets and water coolers. The maintenance team is currently in the process of edging and re-flashing all the green side bunkers, and plan on doing the same on all fairway bunkers once finished with greensides. We have also mowed off the winter desiccation on all the playing surfaces. We have already finished our spring core aeration on tee boxes and solid tinning aeration on fairways. Our spring aeration on greens will take place Monday and Tuesday, April 10 & 11.

There are a lot of new faces in the maintenance department, so please stop us and say hi if you have a chance. We look forward to interacting with all the members, and look forward to producing high level playing conditions on the course that everyone will enjoy!
